Virtue to live by

You Persevere and you are Resilient

You are not afraid because you know you are not alone.

Thought of the week

Florence Nightingale was born this week in 1883. She was famously known as the lady with the lamp – the lamp was a necessity as there was no electricity. Due to her work and dedication many lives were saved. Try and remember that valuable luxuries can make life fun but helping others can make your life valuable.

Marian Service

The Marian service this year will be led by Year 4. The service will take place on Thursday 27th May.

Walk to School Week 2021 will take place between 17th and 21st May. This year the theme is all about health benefits of walking to school, with each day of the week focusing on a different health benefit:

- 1. **Healthy body -** Daily exercise helps to reduce the risk of childhood obesity and medical conditions such as cancer and heart disease later in life.
- 2. **Health and happiness -** Regular walking helps to keep young minds healthy and alert ready for their arrival at school.
- 3. **Healthy habits -** Getting into the habit of an energetic walk at the start of the day encourages other healthy habits like eating a nutritious breakfast every morning.
- 4. **Healthy friends and family-** The walk to school is an opportunity for quality family time or a good chat with friends helping to develop strong, happy relationships.
- 5. **Healthy environment -** Walking rather than taking motorised transport means less pollution and cleaner air a benefit for everyone!
